Farm Director

For Immediate Release:

The Friends of Wagner Farm Donate to the Northfield Township Food Pantry

Today more than ever we realize the value of those that feed us. We need look no further than the current covid-19 crisis and store shelves to realize the value of farmers and all those in the food distribution system.

Food insecurity knows no boundaries. It has no face. It effects all ages and races. Therefore, aware of the current food emergency in our community, the Friends of Wagner Farm (FWF), in line with our mission, is pleased to donate \$2,000 to the Northfield Township Food Pantry.

Additionally, as a working farm, Wagner Farm is currently donating approximately 50 dozen eggs a week to the Northfield Township Food Pantry. To assist with this effort, FWF is also donating 100% of the cost of the egg cartons.

FWF is proud to provide assistance to the community and the Glenview Park District at this time of need. For more information about FWF, please contact Robin Forde FWF Board President at rmforde@earthlink.net.

About the Friends of Wagner Farm:

In 2003, a group of citizens formed the Friends of Wagner Farm (FWF) to support this unique property in its dual role as a living history museum and a working farm. The group solicits financial contributions to enhance the farm and to support its programs and exhibits that bring to life the story of American farming from the 1920s forward. The Friends of Wagner Farm are advocates committed to enhancing the visitor experience, educating the public, and providing access for all.

Donate:

While the Farm receives support from the Glenview Park District, it relies heavily on grants and donations for projects that are beyond the means of the park district to fund. The Friends of Wagner Farm is a 501(c)(3) organization. To support FWF, send your tax-deductible contribution to: Friends of Wagner Farm, 1510 Wagner Road, Glenview, IL 60025. To find out more about donation opportunities, please call 847-657-1506.
